EDGAR W. DARLING

PRIZE-WINNING

Dahlias AND Gladiolus

1931

GRAF ZEPPELIN

GRAF ZEPPELIN. (F. D.) (Nolet). This I believe to be the best pure white Decorative Dahlia in existence. It is not uncommon to see a plant in the garden with 8 to 10 large blossoms on stems 3 feet long. The plants grow tall and do not require any pruning. This Dahlia won a Certificate at Storrs, scoring 86, where it was grown in a garden without the use of water. Also on the American Home Roll of Honor, 1930.

Root \$7.50 net. Plant \$3.75.

GREETINGSIt is always a great
==1931== pleasure at this sea-
son of the year to
send you our Catalogue of Dahlias and
Gladiolus & Despite the poor weather
conditions during the past summer, we
had the pleasure of witnessing some won-
derful exhibits at the
Dahlia Shows.

We are pleased to say that we have har-
vested a fine crop of Dahlia Roots and
Gladiolus Bulbs, enabling us to fill orders
with high grade stock & It is our con-
stant endeavor to give our patrons
a square deal.

Cordially yours,

Edgar W. Darling

PRIZES WON AT BOSTON, 1930

New England Dahlia Society's Gold Medal for Best Wall Exhibit.
American Dahlia Society's Silver Medal for Most Meritorious Exhibit.
Silver Medal for Best five Baskets.

5 First Prizes at Providence, R. I., Show.

First Prize for largest and best collection of Gladiolus at
N. B. Horticultural Show, 1930

COLONEL E. H. R. GREEN

COLONEL E. H. R. GREEN. (Lamond). A perfect cactus dahlia of extra large proportions. The form is perfect with long incurved petals. The color is of rich raspberry red; the blooms standing well above the foliage on long, strong stems. Awarded first prize for the best cactus seedling of New England origin; also first prize for the best basket or vase of seedlings, any variety. New England origin at the 1929 Boston Show. Also awarded certificates of merit at the other shows. A wonderful addition to the cactus family. Plants only, \$5.00.

NEW NOVELTIES FOR 1931

W. H. T. (McCarrol). (F.D.) This Honor Roll Dahlia won at the last New York Show as best vase of 12 Decoratives in a very strong class. Color is a brilliant old rose, slight tints of mauve on the reverse of the petals. In a class with the best Dahlias to date in perfection of form and color. Large deep flowers, well above the foliage, with the petals growing all the way back to the stems.

Root \$10.00. Plant \$5.00.

CAPTAIN COSTE. (Curran-Waite). (Informal Dec.). A daring big flower on extra long stems with as bright a color as of any of the yellows to date. A clear wax-like empire yellow. A large and bold flower, borne high above the foliage on strong stout stems.

Plants only, \$7.50.

TARRYTOWN. (MacDonald-Waite). (Decorative). This is a splendid new variety that I have been fortunate in securing. I saw this variety at several shows for the past two years and always admired it. It was awarded a Certificate of Merit at the Westchester and Fairfield Horticultural Society Show, scoring 89 points. It was in good company, as this is a show where only an expert can win. In color it is principally bronze, shading darker toward the edges of the large broad petals. It is an excellent grower with heavy texture foliage. The stems are strong and hold the finely formed flowers well up above the foliage.

Root \$7.50. Plant \$3.75.

FRAU O. BRACHT. (Berger). Cactus. This German introduction was the sensation of the New York Show, 1930. Its distinctive form and clean-cut beauty gave it its place of honor. Color is a clear, pale primrose, very clean and graceful, long stiff stems hold the large blossoms up proudly above the fine foliage. It received a Certificate of Merit at Storrs, 1929.

Plants only, \$5.00.

ACHIEVEMENT. (I. Dec.) Gold with bronze shadings. This year we beg to submit a gold dahlia that carries with it the most coveted honor. Winner of the American Home 1930 Achievement Medal at the Palace Hotel, San Francisco for the best introduction west of the Rocky Mountains. It has been tried out in both East and West with equal success. In depth as well as in diameter this dahlia is one of the very largest grown, and the formation of the flower is most pleasing, the many petals being curled and twisted in an artistic fashion. The good substance insures a wealth of perfect blooms under all weather conditions. Stems could not be improved upon either as to length or strength.

Root \$15.00 each. Plant \$7.50 each.

RED LION. (I. Dec.) (Ballay). Another large, bright snappy red that attracts immediate attention. A vivid red is always desirable when it has the good qualities which this dahlia possesses. Quantities of first-class bloom load the bushes until the very end which never fade or burn. Stems hold the flowers just right whether for garden display or for the house. Something different.

Root \$5.00 each. Plant \$2.50.

EAGLE ROCK FANTASY. (Broomall-Success). (I. Dec.) Another 1930 Honor Roll dahlia and a winner of a Certificate of Merit at Storrs the past season. This is a most remarkable dahlia as the color is so unusual and different than is found in any other dahlia. This giant is a clear, mallow pink with no shadings. It has great depth with its great diameter it is bound to be a real contender for the largest and most perfect bloom class. Mr. Derrill W. Hart refers to this creation as follows in his Honor Roll for 1930: "It is another wonder origination from a dahlia wizard. Clear, mallow pink of great size and depth. It is more like Mrs. Francis Bullard that any other variety we can name, but an improvement on that wonderful variety in both color and form. All pink and with larger flowers. Among the finest of the 1930 dahlias."

Root \$25.00 each. Green Plant \$12.50 each.

RUDY VALLEE. Registered. (Broomall-Success). Semi-Cactus. In this variety we have one of the most beautiful dahlias ever offered. When the flowers begin to open they show chrome yellow at center, with a graduation of grenadine red as the flower expands, finally becoming solid grenadine orange red when in full bloom. The flowers are pleasing to look upon, and instantly catch and hold the attention of all who see them. Flowers, large to very large, full centered, and are held well above the clean cut foliage on long, straight stem. Plant 5 to 6 feet high, with numerous strong laterals. Growth vigorous, which insures against serious injury from insect attacks. A magnificent dahlia that you cannot afford to be without. Winner of "Certificate of Merit" at Storrs Trial garden 1930, scoring 86 points.

Root \$15.00 each. Plant \$7.50 each.

CHARLES SMITH. (I. Dec.) A most attractive dahlia in every way but its rich blending of colors is appealing. A rich cream at base of petals then shading into a clear pink at the tips. The stems are a bit short but stout and straight. This dahlia was one of outstanding new varieties at Boston and Madison Square Garden in 1930.

Root \$10.00 each. Plant \$5.00 each.

FORMAL AND INFORMAL DECORATIVE DAHLIAS OF SPECIAL MERIT

ARTHUR W. GREY. (Veile & Mendham) (F.D.) The color of this magnificent Dahlia is a rich salmon-apricot, flushed orange and rose, a flower of distinct individuality. The stems are rigid and long, and hold the large flowers facing you.

Plants only, \$5.00.

ARTHUR M. HYDE. (Tyler) (I.D.) This large Informal Decorative was named for our Secretary of Agriculture. The coloring is unique, orchid pink, with reverse of burgundy, giving the high, closed center a charming appearance. Stems are strong, holding the massive flowers erect.

Root \$7.50. Plants \$3.75.

A. O. KENNY. (F.D.) (Darling). Large flowers of perfect form and great depth, carried on good stems. Color a rich bronze buff shade of one tone, but with the centre tinted with bronze. Never on any dahlia have we seen more gold dust on the petals than on this variety. Plants grow medium height and are very free flowering, in a class by itself. This dahlia was placed on the Honor Roll of The American Home Magazine, December, 1928.

Root \$5.00. Plant \$2.50.

AZTEC GLORY. (I.D.) A glorious dahlia in every sense, color, form, size. This is one of the big fellows, and when the blooms attain large size the flower has an added distinction in the curl of the end of the petal. Color is rich, clear golden yellow, without tints or blends. Flowers held erect on strong stiff stems.

Root \$5.00. Plants, \$2.50.

BARBARA REDFERN. (Redfern). One of California's best introductions. Color is a combination of old rose and old gold. Flower is of large size, borne on a heavy stiff stem. Blossoms early and blooms continuously.

Root \$2.00. Plants \$1.00.

BARBARA WEAR. (I.D.) (Seal). The color is extremely soft and pleasing, the beautiful flower being a pinkish lavender. The stems are perfectly straight, very long and exceedingly strong. The flower has good size, great depth and substance with excellent keeping qualities that will make it in great demand by gardens supplying florists and other cut flower trade.

Root \$2.50. Plants \$1.25.

BETTY IVINS. (F. & M.) A remarkable flower of huge proportions. Petals thickly placed to form a very full flower. Color a rich salmon, overlaid with an amber glow, showing a rosy pink, reverse. Plants grow medium tall with thick green foliage, Stems stiff and long.

Roots \$3.00. Plants \$1.50.

BLACK JACK. (F.D.) In this we have a very large dark maroon, almost black, produced on fine stems.

Root \$1.00.

BROCKTON BEAUTY. (F.D.) (Carver). Decorative. A very large flower which commands attention when seen growing in the garden. A profuse bloomer of great depth and size. Flowers remain large all through the season. Color is a pinkish lavender, shading to creamy white center, with reverse of petals pinkish lavender. A wonderful keeper with a fine stiff stem holding the large flowers well above the foliage.

Root \$3.00. Plants \$1.50.

CARNIVAL. A very attractive new dahlia from The Barker's. A large deep bloom in bright cardinal red with small petaloids at base of petals of chamois color. A very rugged grower.

Root \$3.00. Plants \$1.50.

COLONEL CHARLES A. LINDBERG. (F. & M.) A huge hybrid cactus of a beautiful rose du Barry shade, overlaid and suffused with old ivory, shading off to pale gold at center. Reverse of petals light carmine pink. An early and free bloomer. Stems rigid and straight, dark green foliage and good habit of growth. A superb flower that will rank high amongst prize winning dahlias.

Root \$2.00. Plants \$1.00.

CHARLOTTE LAFRENZ. (I.D.) A new art decorative of immense size, and in color a blending of the always popular gold shades, the perfectly formed center being a bright gold, shading to a rich apricot in the outer petals. The center is very full and the blossom is held high on a long stiff stem above the foliage. To see the tall bush in full bloom is a beautiful sight, as the flowers are held so proudly erect and have such an artistic formation and wonderful coloring. Stock limited.

Root \$3.00. Plants \$1.50.

Abbreviations Used. A—Anemone. B—Ball. Coll.—Collerette. C—Cactus. S. C.—Semi-Cactus, formerly Hybrid Cactus. F.D.—Formal Decorative. I.D.—Informal Decorative. M.D.—Miniature Decorative. P—Peony. Pom.—Pompon. S—Single.

COPPER KING. This is one of our best dahlias, a flower of enormous size, held erect on straight stems, the tubular petals of copper and yellow with distinct reverse of light red makes it a wonderful exhibition variety. Root \$2.00. Plants \$1.00.

CITY OF TRENTON. (I.D.) A very large exhibition decorative, held erect on long stiff stems, well above the foliage. An autumn colored dahlia of wonderful beauty. The front of the petals shows a rich glowing tangerine, while the reverse is a crushed strawberry red. The gracefully curled petals give a two toned effect, creating an impression of whorls or tongues of flame radiating from a full, glowing center. A superb flower of great beauty. Root \$3.00. Plants \$1.50.

CLANSMAN. (F.D.) (Diggle). This decorative won a Certificate of Merit at Storrs, Connecticut, 1926. A grand exhibition flower, and also one of the best cut flowers of its color. It is very free, carrying six to eight blooms, eight to nine inches on long, stiff stems. Color, "Judge's decision," a beautiful apricot orange, center darkening to jasper pink, radiating a golden sheen that instantly attracts the eye. Root \$3.00. Plants \$1.50.

CARDINALIS. (Kennedy) (F.D.) Color of this Formal Decorative is a brilliant Cardinal Red, the flowers are borne on strong upright stems. Imagine a handsome soldier in red coat on parade and you have a partial visualization of this beautiful Dahlia. Root \$10.00. Plants \$5.00.

CHARLES G. REED. (Ballay). (F.D.) Color is purple-red, or petunia-red is what an authority on dress materials called it. This variety is unusually large and is held upright on a perfect stem, big broad petals, a deep full center and profusion of bloom has made this Dahlia a sensation the past season in the garden. Root \$10.00. Plants \$5.00.

CORA BUTTERWORTH. (I.D.) (Chapman-Kemp). Winner as best undisseeded Decorative Seedling in New York, 1929. The color is a clear silvery primrose yellow, flowers are very large, and are borne high above the foliage on perfect stems. Plant is a tall grower and a good one the entire season. Plants only, \$3.75.

CREAM OF THE GARDEN. (Kemp). This is one of the most refined Dahlias I have yet seen. The color is a rich cream with irregular shadings of light lavender, splashed here and there on the petals, yet so perfectly blended that the flower presents a subject so bewildering beautiful words fail to accurately describe it. The large blossom is held high above the foliage on long stiff stems, and are produced in the greatest profusion on a six-foot, wide spreading plant of great stamina and vigor. Root \$5.00. Plant \$2.50.

COQUETTE. (F. & M.) (I.D.) In this most robust and beautiful decorative dahlia we have a much desired combination of red and gold. Face of petals of velvety musketeer red, blending with gold and shading to a golden sunset color at points; back of petals gold. Thick, fluffy flower, composed of many curled and twisted petals, which give the impression of a glowing sunset. An exhibition flower of great beauty. Flower at least twelve inches above the first pair of leaves; stem rigid, foliage dark green and leathery, therefore insect proof. Free bloomer. Root \$3.00. Plants \$1.50.

CHEMAR'S EUREKA. (Chemar). (F.D.) A large white decorative with the center tinted lavender. This dahlia has very fine habits, being a vigorous grower and producing plenty of very large blossoms on extra long stiff stems. Root \$5.00. Plant \$2.50.

DOROTHY STONE. (F. & M.) (I.D.) This is a beautiful Informal Decorative that was a rival for Kathleen Norris in 1930 at the Shows. We have had the pleasure of growing it the past season and like it. The foliage is tough and leathery, and the stems are strong. Color rose-pink. Blooms freely. Root \$7.50. Plants \$3.75.

DONNA CALIFORNIA. (Ballay). (I.D.) Deep rose pink, suffused with lavender. The stems are very long and strong. This Dahlia showed up fine in the garden the past season and attracted a great deal of attention. It was at its best when cut down by frost. One of our largest Dahlias. Root \$7.50. Plants \$3.75.

DERRILL W. HART. (I.D.) Capucine yellow shading to grenadine red, in cool weather almost copper color, the large well-formed flowers of this variety are held erect on fine stems. Universally admired by all who saw it. Height 5 feet. Root \$5.00. Plants \$2.50.

DR. JOHN H. CARMEN. (F.D.) In this we have one of the giants of the dahlia world, a large, deep, broad petaled flower; color is a rich tyrian-rose tipped petunia and silver, carried on long stiff heavy stems. Certificate of Merit at Storrs, 1928. Root \$5.00. Plant \$2.50.

STAR OF BETHLEHEM

STAR OF BETHLEHEM. (Cactus). (Nolet). Here is a new type of a Cactus Dahlia. A large full flower with a long pointed center somewhat resembling a star, hence its name. The huge blossoms of pure-white are borne on long fine stems, blooming early and continuously. This fine Dahlia was greatly admired at the Shows, where it won many prizes. This Dahlia is a healthy and vigorous grower and a worthwhile introduction.

Root \$7.50. Plant \$3.75.

EASTERN STAR. (F.D.) Color a soft saffron yellow with old gold shadings. Flowers of great substance and good keeping qualities, with full centers held erect on strong stems. Free flowering, and immense size. Root \$1.50. Plants \$1.00.

DR. MRS. JOHN PETTY. (Carver). (F.D.) This is one of the outstanding Dahlias of the year. Color is a combination of copper and yellow with a reverse of red. The immense blossoms are held perfectly erect on long stiff stems high above the foliage, and is very free flowering. Grown without disbudding; size average 7 to 10 inches, depth 5 inches. Height 5 feet. Root \$7.50. Plant \$3.75.

EAGLE ROCK BEAUTY. (I.D.) A beautiful combination of pink and cream that is displayed in this glorious creation would be difficult to imagine; it is in a class by itself. A vigorous grower with fine habits, strong stems which hold the immense blooms which are full to the center and produced in abundance until frost. Grows medium height. Root \$2.50. Plants \$1.25.

ELLINOR VANDERVEER. (F.D.) Jessie L. Seal's wonderful new pink seedling. This was one of the best dahlias I grew in my garden the past season. A magnificent rose pink decorative, held erect on long stiff stems. This dahlia is bound to be very popular this season. Root \$1.00. Plants \$1.00.

ELITE GLORY. (F.D.) This spectacular dahlia since it was first exhibited in 1924 has created a sensation wherever shown. It has been the winner of many prizes, perhaps the most coveted being the Court of Honor prize won at the Camden and New Jersey State Dahlia Societies where it was picked out of 106 entries. Color is a radiant bright red, and grows on a very stiff stem; size is enormous. Root \$1.50. Plants \$1.00.

EDWARD THOMAS BEDFORD. (F.D.) (Brock). This I believe is the largest purple Dahlia to date. The blooms are held erect on long cane-like stems, and the medium height bushes are fairly covered with the giant blossoms. Root \$7.50. Plants \$3.75.

ELIZA LONDON SHEPARD. (I.D.) (Peacock). This beautiful Dahlia attracted much attention at the recent Shows. Color is a clear rich orange-gold, reflex a deeper shade of the same color. The perfect formed blossoms are carried facing to upright on long, straight, stiff stems. The blooms keep a long time on the bush, or when cut. Height 5 feet. Root \$10.00. Plant \$5.00.

ELIZABETH CARTERET. (Lavinthal-F. & M.) One of the most admired dahlias in the exhibition group at the New York and Trenton Shows. A seedling of Jersey's Beacon, about the same formation, flower larger. Color a bright, rich cerise with a Silver reverse. Stems stiff and upright. Flowers held well above foliage which is dark green and leathery. Plants of tall habit of growth, free bloomer. Excellent keeper and fine for exhibition. Name selected to perpetuate the memory of Lady Elizabeth Carteret, wife of a pioneer Governor of New Jersey, and in honor of the Elizabeth Carteret Hotel of Elizabeth, N. J. Root \$5.00. Plants \$2.50.

EMANUEL'S BEAUTY. (Mendonsa). This variety has got all the good features that a good decorative Dahlia should have, fine long stiff stems that hold the flowers perfectly erect, out from a strong, sturdy plant with thick leaf foliage. The flowers will easily grow to 10 inches by ordinary field culture. The color is flame-red with a primrose yellow glow at the base of the petals. This variety I can highly recommend. Root \$5.00. Plant \$2.50.

FRANK MILLER. (F.D.) (Burch). This large golden yellow Formal Decorative was much admired the past season in the garden. It has a truly wonderful stem which can be cut any length desired. A vigorous grower. Height 5 feet. Root \$7.50. Plant \$3.75.

F. W. BUTLER. (F.D.) (Bessie Boston). This wonderful Dahlia won the Sweepstake-prize as largest bloom at San Francisco in 1929. The color is very unusual, half way between bronze and gold, with copper brown shadings at the center and with flushes of gold and brown throughout the flower. It is a big, deep flower and certainly very different from anything we have ever seen. Strong, sturdy stems hold the flowers erect. Height 5 feet. Plants only, \$10.00.

FLAMING METEOR. (Barker). (I.D.) A fine new California decorative that has been winning many prizes on the coast. A large flaming red on perfect stems, an immense bloomer, greatly valued as a cut flower. Root \$1.00.

FORDHOOK VICTORY. Giant flowers, well formed, and carried on strong, sturdy stems. The color is a rich shade of tyrian rose. The petals are well placed and of substantial texture. Root \$1.50. Plants \$1.00.

F. T. D. (F. & M.) Named in honor of the Florist's Telegraph Delivery. Large exhibition Decorative. A sport of Trentonian and manifesting the latter's good habit of growth. Tall and free flowering. Color a rich Tyrian rose. Dark green foliage, long ridged upright stems, exceptionally free flowering and a good keeper. We predict that this new variety will win all the hearts of those who see it, either in the field or on the exhibition table, on account of its unique coloring.

Root \$1.00.

FORT WASHINGTON. Color is a dark mahogany red, blossoms are immense in size. A very tall grower; a very fine dahlia.

Root \$1.50. Plant \$1.00.

FORDHOOK GOLDCREST. (Decorative). A beautiful new dahlia with magnificent salmon-pink blooms, toned with bright red and a deeper salmon reverse. The center of the blooms shades to rich yellow. Broad, well-rounded petals. Certificate of Merit, Dahlia Society of California.

Root \$2.00. Plants, \$1.00.

FRANK GALVIN. (Decorative). Color a rich deep lavender; does not fade. Size 10 inches; depth 5 inches. Free flowering.

Root \$3.00.

FLORENCE KLEIN. (F. & M.) An exhibition decorative of a gorgeous salmon-orange, a very deep, full centered dahlia. Flowers can be field grown from seven to nine inches; stem is black, stiff and straight, holding the flower high above the dark green foliage. Very free bloomer. Plants grow to medium height. A beauty for either the garden or exhibition table on account of its brilliant coloring and good keeping qualities.

Root \$5.00. Plants \$2.50.

FORDHOOK MARVEL. A giant in size, carrying its bloom on strong, cane-like stems. The color is a lovely shade of peach-red, shading to strawberry-pink. The whole flower is suffused with a sparkling salmon-orange sheen of metallic luster.

Root \$5.00. Plants \$2.50.

FORDHOOK BRIDESMAID. (I. D.) (Burpee's). Lovely amaranth-pink, shaded white with light lemon-yellow in the center. Free bloomer.

Root \$2.50. Plant \$1.25.

FORDHOOK EMPEROR. (I. D.) (Burpee's). A giant of a most glorious autumn tint, rich salmon, suffused rose, with a cast of gold permeating the whole flower. The reverse of the petals is old rose.

Root \$5.00. Plant \$2.50.

FORT MONMOUTH. (I. D.) (Kempt). One of the giants of the dahlia world. The predominating color is a rich crimson maroon, with shading of blueish violet at tips of petals. The flowers are well formed of immense size, frequently attaining to full 13 inches in diameter, and are borne on long stiff stems high above the foliage, and look you right in the face. Does not burn, and is a splendid keeper, both on the plant and when cut. Very prolific bloomer, from early to late, and is no uncommon thing to see as many as five and six immense blooms on a plant at a time. Plants are a strong, vigorous grower, attaining to a height of 7 to 8 feet. Foliage dark green, healthy, and has been immune to attacks of leaf hoppers.

Root \$4.00. Plant \$2.00.

GRACE CURLING. (I. D.) (Stredwick). A glorious Dahlia of very large size, imposing and beautiful in form and color. The latter is white at base, then changing to lilac pink and rose. Huge broad florets, notched at tips. The large blooms hold there size until the end of the season. The stems are fine and hold the blossoms well above the foliage. This is one of the best Dahlias it has been my pleasure to grow.

Height 5 feet. Root \$7.50. Plant \$3.75.

GOVERNOR ALVAN T. FULLER. (I. D.) (Beatrice). Color is Tyrian-rose and the blossoms are carried above the foliage on cane-like stems. This Dahlia is a very free bloomer and has won many prizes. Size is very large, often 10 inches.

Root \$3.00. Plant \$1.50.

GRACE RICORDS. (F. D.) This beautiful Dahlia grows large, with full, high centers, tipped and suffused lavender on a white ground. Petals numerous and decidedly cleft, giving the flower an artistic formation. Splendid long stiff stems. Free bloomer.

Root \$5.00. Plant \$2.50.

GRIFFIN. (F. D.) (Kemp). Color, pinard yellow, with pale viridine yellow reverse, tinted lavender pink. Plant is a strong vigorous grower. Flowers are large, and the plants blossom freely; an excellent variety for the garden and attracts a great deal of attention. Height 5 feet.

Root \$2.00. Plant \$1.00.

GRACE. (F. D.) The color of this beautiful dahlia is a pure waxey white with a delicate cast, orchid pink deepening to center. Very unique and pretty. This is one of the most prolific bloomers in the garden, the blossoms are medium in size, averaging 6 to 7 inches and are held high above the foliage on extra long cane-like stems.

Root \$2.00. Plants \$1.00.

- GEORGE L. FARNUM.** (F. & M.) A distinctive exhibition decorative dahlia of a pure gold color. There are yellows of various shades and orange but this flower, due partially to the faint tracing of rose on the reverse of petals and the exceedingly tight center can only be described as "Old Gold." Plant is of medium height, has dark green leathery foliage that is insect proof; flowers borne high above foliage on straight stiff stems. A decidedly new coloring. Root \$3.00. Plants \$1.50.
- GOLDEN DREAM.** (Decorative). High score A. D. S. trial garden 1926. Certificated by The Dahlia Society of New Jersey, also winning first prize everywhere it has been exhibited. Color Storutian yellow and a golden sheen or lustre, reverse Brazil red. Long stiff stems. It surely is a Golden Dream. Root \$3.00. Plants \$1.50.
- GOOD NIGHT.** (I. D.) (Broomall). This dahlia is well named. Color ox-blood red, shaded maroon. Larger than Shirley Shaw. Mr. Broomall says it is one of his best and a joy to look at. Height three feet. Plants only, \$2.50.
- GROVER WHALEN.** (Klein-F. & M.) Quoting from the 1929 "Roll of Honor" of The American Home: "One of the outstanding dahlias at the New York Show where it won first prize for 'Best basket of 25 blooms, one variety' and got into the movie-tone with the attractive daughter of New York's Police Commissioner doing the talking." It is a fine autumn color of rich orange with tints of bronze, particularly attractive both in the garden where the plants are laden with bloom and under artificial light. Especially fine for cutting on account of its good keep qualities, flowers beginning of season attain exhibition size but this variety, we predict, will become one of the most popular of cut flowers. Foliage dark green and leathery, stems upright and straight. Roots \$4.00. Plant \$2.00.
- HARRY MAYER.** (Seltsam). The color is very attractive pale rosolane purple. The habits of the plant are splendid, with that very dark green foliage we all so much admire, with stems carrying the flowers erect high above the foliage. One of the best. Root \$2.00. Plants \$1.00.
- HATHOR.** A dahlia of vivid Oriental colorings. The predominating color is flame—not red, but verging on deep crimson, orange, and all those colors seen in glowing embers. The formation is always perfect and the stem exceptionally fine and stiff, so the large bloom looks one squarely in the face. Root \$2.00. Plants \$1.00.
- HELEN IVINS.** (F. D.) (F. & M.) Large exhibition type decorative of a beautiful orchid-lavender, especially attractive under artificial light. Stems long, slender and upright, flowers large and plant laden with bloom from beginning of season until frost. Color is richer and more lasting than the usual run of lavenders, having a more pink tone. Plants tall, sturdy, tough, leathery foliage. Root \$5.00. Plant \$2.50.
- IDA PERKINS.** (F. D.) Beautiful white heavy blossoms with cream colored center, excellent long stems. A very strong grower; blooms spread about eight inches with incurved petals. Bushes about five feet high. Winner of the Garden and Home Builder Sweepstakes at Boston 1927. Root \$2.00. Plants \$1.00.
- IVORY.** (F. D.) (Bessie Boston). This immense decorative is creamy white, the shade of old ivory, a color which does not vary from the beginning to the end of the season. A decorative of a most delightful form, composed of long, pointed, waving petals. The center of the flower is a deep cream, the petals are a shade lighter at the outer edges. Each petal has a tiny tip of deep cream, and the flower is suffused with cream. Stem is hard and stiff. Root \$7.50. Plants \$3.75.
- JANE COWL.** (I. D.) (Downs). A massive deep Informal Decorative with petals curled and twisted. Color a glistening bronzy buff and old gold blending to a deeper shade toward the center. A stem of unusual strength hold the giant flower erect. This Dahlia has been an outstanding prize winner, and is one of the very best to date. Root \$1.50. Plant \$1.00.
- JEAN TRIMBEE.** (I. D.) (Trimbee Waite). This beautiful dahlia is a native of Canada and exhibited at Toronto for the past two years. The flowers are very large, many over 12 inches, and a beautiful rich petunia violet in color. It has a strong, vigorous habit and the large attractive flowers are produced very freely. One of the outstanding varieties at the recent A. D. S. Show. Root \$10.00. Plants \$5.00.
- JERSEY'S TRIUMPH.** (F. D.) (Waite). This is a seedling from the same parents that produced Jersey's Beauty and is identical with Jersey's Beauty in habit and growth that they cannot be distinguished apart before they bloom. The color, however, is entirely different and is a real autumn shade of bright copper, flushed with salmon bronze. Mr. Waite predicts a great future for this variety as a cut flower as there is nothing just like it in the long stemmed class. Root \$7.50. Plants \$3.75.

- JERSEY'S EMPRESS.** Anthracene violet in color; the flowers, which are large, have a very pleasing formation, having narrow and wavy petals. The flowers have great depth. Root \$2.00. Plants \$1.00.
- JERSEY'S GLORY.** (Waite). A magnificent bloom both in color and form. Color is a sparkling orange, intermingled with yellow. Huge flowers of perfect outline held on long rigid stems. Vigorous habit of growth. Root \$5.00. Plants \$2.50.
- JOY.** (Bessie Boston). A clear silvery lavender without a trace of white. The flowers grow large and we think it the best lavender to date. The blossoms grow on top of the stem which is long and stiff; bushes grow tall and have beautiful fern-like leaves; early and free blooming. Root \$2.00. Plants \$1.00.
- JERSEY'S IDEAL.** The color of this variety is best described as a lavender pink; the flowers are usually borne face up on the stem and the long petals drooping gracefully down, make a very deep and massive flower. It is a vigorous grower, and very free bloomer, and an ideal stem. The plants grow medium height. Root \$1.50. Plants \$1.00.
- JERSEY'S DAYBREAK.** (Decorative) Hermosa pink shading to creamy yellow in the center. Flowers of medium size, splendid formation, holding the pointed center well to the last. The stems are as rigid as canes, and foliage is of leathery texture. Very much admired by all visitors. Root \$2.00. Plants \$1.00.
- JERSEY'S MASTERPIECE.** (Waite's). This is a beautiful strawberry pink suffused gold at base of the florets. A bold and outstanding variety. The flower has almost the same formation as the old favorite, Insulinde, but the color is more beautiful. The stems are strong and stiff, and the foliage is thick in texture. The flowers are large and very freely produced. Root \$2.50. Plants \$1.25.
- JUDGE LEON McCORD.** (F.D.) (Bessie Boston). An enormous flower, grown on an absolutely stiff, upright stem, which does not bend a particle at any season or in any weather. The color is the deepest shade of gold, with a reverse of old rose. Bushes grow to medium height, but the flower stems grow right out of the foliage, and are long and leafless. A regularly formed flower which lasts two weeks on the bush and is excellent for cutting. Flowers start about the middle of August, the bushes will always be gay with enormous blooms. Root \$10.00. Plants \$500.
- JERSEY'S BEAUTY.** W. H. Waite's wonderful 1923 introduction and is still the Queen of all dahlias, a perfect true pink, carried high above the foliage on very long stiff stems. Fine for commercial purposes. Root 75¢.
- JERSEY'S BEACON.** Another of Mr. Waite's very fine new seedlings, a decided novelty of Chinese scarlet with a paler reverse, giving a two toned effect. An exhibition flower of vigorous growth; excellent stem. Root 75¢.
- JERSEY'S MAMMOTH.** The largest of Mr. Waite's introductions, a huge blossom, color a rich golden mahogany. A fine novelty. Root \$2.00. Plant \$1.00.
- KENTUCKY.** (F.D.) (Wigginton). A seedling of Jersey's Beauty and very much like its parent except for color, which is a brilliant light salmon-orange, suffused with pink on outer petals. Stem and height of plant same as Jersey Beauty. Root \$5.00. Plant \$2.50.
- KATHERINE COLE.** (F.D.) (McDowell). This is indeed a beautiful Dahlia. In color it is a combination of light pink and cream, tips of the petals are pink, shading to cream, with a pink center. Stems are long and stiff, and hold the flower facing you. Foliage is thick and healthy, and a free bloomer. Root \$10.00. Plant \$5.00.
- KEMP'S VIOLET WONDER.** (I.D.) (Kemp). The predominating color of this fine Dahlia is Naphthaline-violet, with an undertone of royal purple, lightening to a faint bluish violet at the tips of petals. Deep flowers, and stem are long and stiff. Blooms keep well when cut. Root \$4.00. Plant \$2.00.
- KING MIDAS.** (I.D.) (Peacock). This is a mammoth golden yellow flower of great depth, on good stems. There are not many good yellows and this Dahlia has been a big help the past season. It has been named as one of the best six Dahlias of Eastern origin. Root \$5.00. Plant \$2.50.
- LAVENDER GEM.** (F.&M.) Here we have another lavender, but entirely different from Mrs. I. de Ver Warner, a pure lavender, not orchid color. A very thick, decorative with broad petals terminating in curled points, center very tight and full, one of the first in the field to bloom and plants still laden when frost came. Stems are long and rigid, foliage dark green and leathery. Excellent habit of growth. Root \$3.00. Plants \$1.50.

LA RODA. This was one of the outstanding dahlias for 1929. The immense flowers are a silvery rose pink, fine form, and held erect on stiff stems, a vigorous grower and free blooming. Root \$7.50. Plants \$3.75.

MONMOUTH CHAMPION. (Kemp). (D) Winner of a special award at Elizabeth, N. J., and as best undisseminated seedling at Red Bank, N. J., where it defeated some of the top notchers. This great Dahlia compares favorably with Fort Monmouth, Violet Wonder, Jane Cowl, Kathleen Norris, and other top notchers of recent introduction. It instantly found favor with all who saw it in our gardens, and the show rooms by its great size and brilliant orange flame color that fairly glistens from its own color. It is the only dahlia we know in its color. A very beautiful dahlia in the garden and show room and a free producer of large perfect blooms, on perfect stems throughout the season. Plant is a strong vigorous grower, wide spreading with long slender side shoots, each producing a fine exhibition bloom, from 10 to 12 inches in diameter that can be cut with stems 2 to 3 feet long. Root \$7.50. Plant \$3.75.

MISS DELAWARE. (Dec.) This dahlia has done exceptionally well during the past year, resembling somewhat the variety Dorothy Stone, but the tone values of pink are lighter, blending to cream, which helps make this flower very attractive. Disease resistant foliage, fine grower with flowers of immense size. This is indeed a novelty worth growing. Root \$7.50. Plant \$3.75.

MABEL S. DOUGLAS. (I.D.) (Thompson). This is one of the largest of the new Dahlias. Color is a clear pastel lavender. This Dahlia will be popular for the largest bloom class as it is one of those flowers that will measure much larger than it looks, on account of the graceful curl of the long petals. Plants only \$5.00 net.

MAY TROWER. (Decorative). A huge, deep, most artistic flower, ranging in color from palest gold to a deep golden apricot. Occasionally the flowers will be regularly tipped white, presenting a very novel appearance. Hardly any two blooms are the same. The stems are long, stiff, and rigid, and hold the blossoms proudly erect in spite of their size. May Trower is an excellent garden, exhibition and cut flower, being unusual in formation, with great depth and substance, and a rich, beautiful blending of colors. Root \$3.00. Plants \$1.50.

MARTHA KEMP. (I.D.) This is a very refined and beautiful dahlia. The color is a warm buff, shading to apricot yellow at base of petals. Flower is full 8 inches in diameter and 6 inches deep. One of the most lasting dahlias I know, the blooms frequently remaining in good condition a week or longer after full blown. Never sheds the petals. Root \$3.00. Plants \$1.50.

MRS. SHIRLEY SHAW. (Decorative). Ox blood red shaded maroon, this magnificent flower sometimes has a tendency to come with crooked stems, but notwithstanding this fact was more universally admired than any dahlia in our gardens. The wonderful dark rich color and immense size capture everyone. Height 5 feet. Root \$3.50. Plants \$1.75.

MRS. EDWARD W. WINSOR. (F.&M.) An immense exhibition type decorative, composed of many narrow petals which are serrated at the points giving a fluffy appearance; color Rosalia or a golden old rose; flower held high above dark green, leathery foliage. Plant has tall habit of growth, free bloomer and stem excellent. Awarded Certificate of Merit by the Dahlia Society of New Jersey in 1926. Root \$3.00. Plants \$1.50.

MARGARET W. WILSON. (I.D.) (F.&M.) Color, opalescent pink. Flowers held well out of dark green foliage on good stems. Very large flowers and free bloomer. Root \$1.00.

MARMION. In this new novelty we have one of the largest in the garden. The color is pure golden yellow, with bronze suffusion on reverse of petals and a deeper bronzy tone on the high center, and outlining each petal. The stems are good and hold the immense blooms gracefully above the sturdy plant. Root \$1.00. Plants \$1.00.

MOTHER MACHREE. (Dec.) Cream or ivory white with a touch of pink at the center. "Something entirely new," a well-known authority on dahlias said. The color is surely very much out of the ordinary and the great big deep flowers on tall stalks are outstanding in the dahlia patch. Plants only, \$2.50.

MARGARET MASSON. (F.&M.) A beautiful silvery rose pink decorative of great depth and size; wonderful exhibition variety on account of its good keeping qualities and fine upright stems; very free bloomer. Awarded Certificate of Merit by Dahlia Society of New Jersey, 1924. Root \$1.00.

MISS CALIFORNIA. A large flower, perfectly formed and beautiful in color, known as Oriental Fuchsia, (a new color). The bushes grow tall, and the blossoms are very freely produced on strong stiff stems. A fine cut flower, as well as exhibition.
Root \$2.00. Plants \$1.00.

MILDRED BROOKS HOOVER. (H.D.) (Broomall). Originator describes this as one of his best in the garden. Color spinel-red; very unusual in dahlias; very large.
Root \$5.00. Plants \$2.50.

MONMOUTH GIANT. (Kemp). (Dec.) This giant dahlia is a clear sparkling orchid color of unusual beauty and refinement. Under good cultivation it is capable of producing blooms 12 inches and over in diameter, of great depth, and full centered to the very last bloom of the season. Stem long, holding the giant blooms high above the foliage. The strong growing plant, 7 feet high, is wide spreading, and an early and prolific bloomer throughout the season.
Root \$5.00. Plants \$2.50.

MRS. ALFRED B. SEAL. (I.D.) Undoubtedly the largest and finest pure, rich, glowing old rose dahlia ever produced—nothing we have ever seen can even remotely approach it. Such an unusual coloring—the softest, richest shade of absolutely pure, glowing old rose imaginable, without a trace of any other color. The flowers are huge, measuring with Siskiyou, and of great depth and substance, and are held proudly erect above a fine strong, tall bush.
Root \$10.00. Plants \$5.00.

MISCHIEF. (Bessie Boston). This dahlia has interested us since we saw its first bloom because it was so strikingly original. It has excited the interest of the public as well, and scarcely a day passed when somebody has not jumped out of a machine and come to ask its name and usually left an order. The three outer rows of petals are scarlet, and the rest of the flower is bi-colored, white heavily flushed red, the tips being pure white. Foliage is ornamental. Bushes grow tall and very luxuriantly. Stem is good. Late in October the bushes bear some red flowers which are often flecked with white. Flowers are very large all season and centers are splendid. Give this variety plenty of space to grow.
Root \$3.00. Plants \$1.50.

MARDI GRAS. (Diggle). This beautiful deep burgundy decorative won the Garden and Home Builder Achievement Medal at the Hartford show of the Connecticut Horticultural Society. It is a bright, rich color that does not burn or fade in the hottest sun. Large, well-formed flowers on extra long stems. Free flowering.
Root \$5.00. Plants \$2.50.

NANAQUAKET. (Richards). (Decorative). An immense bloom of extraordinary beauty. The color is a most beautiful shade of delicate orchid pink, each petal bordered with a hair line of deeper orchid color. Petals broad and long, with fine placement, and the flower can be easily grown to 10 to 12 inches in diameter, with proper disbudding. Good stems, a healthy grower and profuse bloomer. Height 5 feet.
Root \$3.00. Plants \$1.50.

NOTTINGHAM BEAUTY. (Decorative). Large flower, and a profuse bloomer. Color light purple and white. A very attractive flower.
Root \$1.50.

NAZARENO. A seedling from W. F. Jost. In color it is the nearest thing to a purple that I have seen. It is very large and free flowering and holds itself erect on long stiff stems. A perfect type of decorative.
Root \$2.00.

NANCY SUE LANG. Immense star-like flowers, red tipped gold, habit of plant dwarf and very robust, this dahlia attracted much attention the past summer in my gardens; one of the good ones.
Root \$2.00. Plants \$1.50.

NETAWAKA. (I.D.) Orange yellow base shading to jasper red, reverse of petals bright carmine. The petals are twisted so that the reverse color is very much in evidence, the large flowers are borne on good stems, very distinct and pleasing both in form and unusual coloring. Height 5 feet.
Root \$3.00. Plants \$1.50.

ORINDA. (Newberry). An immense decorative of perfect form; color one-toned mauve-pink. The large petaled flowers are carried on strong, stiff stems. Plants are vigorous; insect and disease resisting. Was judged the best new Dahlia at the 1929 Boston Show, winning the American Home Achievement Medal, The Dahlia Society of New England Gold Medal, and two other first prizes offered for the outstanding new variety.
Plants only, \$5.00.

PHYLLIS ASH. (Tyler). For beauty this flower is unrivalled. The color is a soft shade of rose-pink, so blended with pale yellow as to form a magnificent blossom of creamy-pink. The form is perfect, and flowering habit good. Good stems and blooms keep well when cut.
Root \$7.50. Plant \$3.75.

PRESIDENT HOOVER. (I.D.) (Peacock). Color peach-red, blending to begonia rose, very bright and luminous, reflex begonia rose, suffused lavender. Stems are long and strong and hold the flowers upright. The plant is of the Jersey Beauty type and habit. Root \$7.50. Plant \$3.75.

PRESIDENT WILSON. This is one of the most attractive dahlias I have ever raised, being a very bright crimson with each petal distinctly tipped white. On account of very large sales of this most popular dahlia I reserve the right to ship plants in place of roots when stock is depleted. Root \$3.00. Plants \$1.50.

PAUL REVERE. (Bissell). One of the best red decoratives ever introduced. Color is a dazzling bright red, of large size, free bloomer on fine stems. Root \$2.00. Plants \$1.00.

POP STEWART. (F. & M.) This is a remarkable flower of great size, in the young state the flowers appear rosy pink, but as it matures the flower undergoes a complete transformation, toning out into a most exquisite shade of the purest lilac pink. A fine grower with a splendid stem. Scored 90 points at Trial Gardens at New Jersey. Root \$1.50.

PRIDE OF STRATFORD. The color is cadmium orange shading to light orange yellow at the base of petals, reverse rose doree, very large flowers of splendid form, held erect on fine stiff stems. This is one of our very best dahlias. Root \$1.00.

QUEEN OF THE GARDEN BEAUTIFUL. (Burns). This is one of our finest novelties. A very large flower, often measuring 12 inches in diameter. Color is pleasing primrose yellow; stems are stiff and carry the large blooms perfectly erect. It is a vigorous grower and blooms freely. Root \$1.50. Plants \$1.00.

RADIO. In this we have the colors of the well known Geisha. A truly remarkable dahlia, producing its giant flowers on the very best of stiff stems, which always look you in the face. Root \$1.00.

ROOKWOOD. Now we have a charming pink decorative, one of the very best, the bushes are low growing and are a mass of blooms all season; this dahlia should be grown in every garden. Root \$1.00.

ROSE FALLON. A wonderful flower of very large size, color deep old gold. This dahlia created a sensation when it was exhibited at the 1925 Dahlia Show of the A. D. S. and was the finest dahlia in the show. Root \$1.00.

ROMAN EAGLE. (F. & M.) A flower that is typically an autumn shade which has helped make the dahlia "King of the Autumn Season." Large exhibition decorative of a flaming, brilliant burnished copper, one of the most admired dahlias in all of the eastern shows. Flowers held well above dark green foliage on long stiff stems. Medium height plant. Awarded Certificate of Merit by D. S. of N. J., 1925, with a score of 89. Root \$1.00.

ROBERT SCOTT. A very beautiful apricot yellow with rose shading, extra large bold flower; also has great depth, excellent stems and a fine bloomer. One of the most popular in the garden. Root \$1.00.

ROBERT TREAT. This is a most pleasing American Beauty Rose color and is unlike any existing variety in shade or color. It has produced flowers eleven inches across and four inches in depth. It flowers on long strong stems well above the foliage and is a profuse bloomer. Root \$1.00.

REGAL. (I.D.) (Bessie Boston). The biggest Bessie Boston introduction and a prize winner in the Palace Hotel show for two seasons. In 1926, it received the Gold Medal for the best six blooms of a three-year-old seedling, and last fall it was awarded the Western Horticulture's silver cup for the best twenty-five blooms. The crown blossoms will be at least twelve inches and other flowers of this immense size can be obtained by disbudding generously. Many huge dahlias are rather shy bloomers, but Regal is an exception. The plants grow medium height and are one of the first to bloom. They produce countless high class flowers on long, rigid stems, which grow well out of the foliage. The first bloom, however, if the bush is not pinched back, will have only a twelve-inch stem. Late flowers are very, very big. A delightful and different combination of autumn shades, bronze, heavily suffused with dull old rose, and shading to gold at the base of the petals, giving an effect of burnished copper. Roots \$4.00. Plants \$2.00.

ROSE STILSON. The lovely blooms are of great size and of a deep old rose, touched with violet, shading to gold at the base of the petals. The centers are a very deep old rose, adding an additional beauty. The bushes are of a medium height and the flowers are held well above them on long, stiff stems. Root \$5.00. Plants \$2.50.

- RAPALLO.** This is an imported variety, a striking combination of dark velvety red and gold. The flowers are medium in size and are produced on the end of the long stiff stems in great profusion. A fine novelty. Root \$1.00.
- SALEM PRIDE.** (Dec.) The face of the blossom is Rhodamine purple, streaked with white and white at tips. It has good stems and is very free flowering. Size of flowers about eight inches. Grows 4 to 5 feet in height. Root \$3.50. Plants \$1.75.
- SANHICAN'S BEAUTY.** (F. & M.) It is unusual to find the same texture of petal that we get in a rose but this beautiful dahlia reminds one of the coloring found in the Mme. Edward Herriot rose. An exhibition sized decorative with evenly placed round- ing petals. Excellent for cutting on account of its long, rigid stem and gorgeous coloring. Free bloomer. Root \$3.00. Plants \$1.50.
- SUPREME GLORY.** (Ahmy). A seedling of Elite Glory, a beautiful golden yellow with reverse of petals flushed red. The habit of the plant is fine, and it produces flowers abundantly all through the season which hold their size well. The petals are long and wide, and blossom has depth as well as great size, having been grown the past season eleven inches in diameter. The stems which are long and stiff hold the im- mense blossoms far above the foliage which the insects did not seem to bother. Height of plant 5 feet. Root \$7.50. Plants \$3.75.
- SAGAMORE.** In this we have a wonderful long stemmed exhibition, and cut flower variety. With me it proved to be a very free flowering and dependable sort. It is a vigorous grower, and is always in bloom. Color is a golden yellow. Size is large. A grand variety. Root \$1.00.
- SANHICAN'S BLUEBIRD.** (F. & M.) The color of this dahlia is a most uncommon shade, the outer petals at maturity are bright violet-blue, while the center retains the violet tint the nearest approach to a blue dahlia. Strong wiry stem. Root \$1.00.
- SANHICAN'S DELICE.** (F. & M.) In this grand novelty we have a beautiful staghorn petalled flower of great depth and of a true deep pink with an almost imperceptible salmon glow in the center. Free bloomer, stem like a cane and an excellent keeper when cut. Root \$2.00. Plants \$1.00.
- SEAL'S CALIFORNIA.** In color this very large decorative dahlia is a bright golden yellow at the center, shading lighter towards the outer petals, the tips of which are suffused—very lightly—with a bronze, rosy pink. Certainly a beautiful blending of color. The stems are absolutely perfect, strong, stiff and cane-like and hold the blooms in a very proud and showy manner. Seal's Californian is very large, bold and immensely attractive—a great acquisition to any garden. Root \$5.00. Plants \$2.50.
- SANHICAN'S MAGNATE.** (F. & M.) As the name indicates, this is one of the big fellows of the Dahlia Kingdom. Exhibition decorative of pale amaranth face, tinged with a deeper amaranth pink, reverse of petals a solid claret color, heavily veined. The large flowers are held erect on very stiff stems, profuse bloomer, medium height plants, dark green foliage. Awarded Certificate of Merit by D. S. of N. J., 1925. Root \$1.00.
- SANHICAN'S PEACH.** A fluffy decorative of good size and great charm. In color it is exactly the shade of a ripe California peach with a real peach-cheek glow. Its at- tractiveness is further enhanced by the oddly twisted petals with staghorn tips. Rich, dark green foliage, upright straight stems and good habit of growth. A val- uable addition to any real choice collection of dahlias. Root \$1.50. Plants, \$1.00.
- SUNRISE.** (Murphy). Color is a salmon-pink overlaid with tyrian-purple, and gold suffusion. Immense size and strong stiff stems, free flowering. Height 6 feet. Root \$7.50. Plants \$3.50.
- SPOTTSWOOD BEAUTY.** (Decorative). This is one of the most beautiful colored dahlias in the list of 1928 introductions. Color is a clear Chatenay Pink, shading to lemon yellow at base of petals. Flowers are 7 to 8 inches in diameter, and of great depth and are borne on long cane-like stems high above the foliage. Plant is a very healthy grower and attains to a height of 6 feet and over. One of the most refined and beautiful pink dahlias to date. Root \$2.00. Plants \$1.00.
- SANHICAN'S QUEEN.** (F. & M.) In the field one instinctively walks to this beautiful decorative dahlia because of its unusual coloring which is almost impossible to describe. We call it Honeydew; it is a blending of apricot with a faint brushing of carmine rose deepening towards the tight center. Flower is similar in shape to the old fa- vorite Judge Marean and can be grown in open field from seven to nine inches. Plant has excellent habit of growth and of medium height. Flower carried well above dark green foliage on a straight, stiff stem. Excellent for exhibiting or cutting on account of its good keeping qualities. Root \$3.00. Plants \$1.50.

SHEILA WARD. (English Decorative). One of the most artistic and wonderfully beautiful flowers it has ever been our pleasure to grow; the color being a light primrose yellow, heavily tipped white; the form is perfect, the flower very large. Petals are gracefully arranged, and the stem is excellent. Root \$3.00. Plants \$1.50.

SANTA BARBARA. (Pelicano). The color of this enormous decorative is a true pink. The stems are perfect, long and stiff, and hold the flowers high above the foliage. This Dahlia won the Achievement Medal at the Southern California Dahlia Society in 1929, and has also won many prizes. It is one of the outstanding Dahlias and should be in all up-to-date collections. Root \$10.00. Plant \$5.00.

TREASURE ISLAND. (F.D.) (Dahliadel). One of the brightest autumn shade dahlias we have seen. Color bright apricot with gold and rose suffusion and shadings. Flowers are held erect on long stiff stems. Grows easily 10 inches across and 5 inches deep. Root \$5.00. Plants \$1.50.

THOMAS A. EDISON. (Dahliadel). This gorgeous new royal purple exhibition decorative, selected and named by permission of the famous electrical wizard. The stag-horn petal formation, the dark green insect-resistant foliage, the cane stiff stems, and its thrifty growing habit, leave nothing to be desired. Root \$10.00. Plant \$5.00.

THE LEMONADE. (Ward). This is one of our finest New England originations, and possessing every good quality. Immense size, color a clear, lemon yellow of fine formation. Stems are long and stiff and hold the blooms erect. Root \$2.00. Plants \$1.00.

THE WORLD. (Dahliadel). (D). This wonderful new dahlia was selected at the A. D. S. Show in New York, by Mr. J. D. Sullivan, of the New York World. The coloring is unusual—rich deep rosy magenta overlaid garnet with silver shadings on edges of petals. A rich and beautiful combination of colors. Perfect full centers, 8 to 10 inches across and half as deep. Bush 5 feet, stems strong and erect. Foliage leathery and repellent to insect injury. Root \$5.00. Plants \$2.50.

THOMAS HAY. A giant in very truth, of clear lilac color throughout, flowers deep, full and massive, with broad florets bluntly pointed. The stems carry the huge flowers with ease, and the plants flower with surprising freedom. This variety is almost identical in every way (except for its lilac color) to the now famous "Berengaria." One of the best dahlias in our garden, 1928. Root \$3.00. Plants \$1.50.

THE SPIRIT OF ST. LOUIS. (Carver). In this we have a dahlia everyone has been waiting for. Something entirely different in color. It might be described best as nearest to a pleasing true American Beauty Rose color. Will not fade or burn in the sun. It was the sensational seedling at the Boston Show where it attracted much attention and received much favorable comment, winning the Achievement Medal awarded by the Garden and Home Builder for the best undisseeded decorative seedling. A superb flower of wonderful beauty. A very free bloomer. The flower has great depth and is carried on a good stem. Root \$3.00. Plants \$1.50.

VALENTINO. (One of the most beautiful 1928 novelties of Bessie Boston's.) The name suggests beauty and the flower has great size and attractive formation. It is a true salmon pink, shading to cream at center and is held erect by long upright stems, and grows out of a bush of medium height. This dahlia was very beautiful in our garden and we have heard many fine reports of it throughout the country. Root \$5.00. Plants \$2.50.

WATCHING CHIEF. (Smith) This large decorative is a very fine Dahlia. Color is burnt-orange. The stems are long and strong, and the flowers last well when cut. Height 5 feet. Free bloomer. Root \$7.50. Plant \$3.75.

WHITE EMPRESS. (Jost) (Decorative). No doubt the best white (decorative) to date. Very free, on long stiff stems. Winner Darnell Cup at A. A. S. Show at New York for the best keeper. When better known it will be the outstanding white decorative. Root \$3.00. Plants \$1.50.

W. D. CARTWRIGHT. One of the best dahlias we have ever raised. Color deep orange at center to orange-yellow at tips. Form massive, yet without a suggestion of coarseness, the finished flowers being partially reflexed, yet building up full in the center. Best of stems, early to flower and grand in every way. Root \$3.00. Plants \$1.50.

W. J. ERWIN. (Decorative). This is the best lavender purple dahlia that we have seen. It is new and should be in every select collection. It has size, the best of stems, and is a free bloomer. Root \$1.00.

WANDA MILLER. (Decorative). The same color as "Our Country," deep purple with white tips, never sports to solid color, large flowers held erect on very long stiff stems. Early and a free bloomer. Plants \$1.25.

WALDHEIM SUNSHINE. (Peacock). This giant yet graceful hybrid decorative dahlia is one of the very best for this season. A true deep yellow that will show up yellow under artificial light. The reflex is darker and there is a rich golden suffusion around the beautiful full high center. The bush growth is ideal, the strong erect stems hold the flowers facing upright. It is a sturdy grower and free bloomer.

Root \$5.00. Plants \$2.50.

WILLIAM H. HOGAN. (Decorative). Winner first prize New York, 1927. This is one of those dahlias that must be seen to be appreciated. Color, garnet red with white tips running down the center of the petals. Perfect stems. Never has sported, every petal coming true to color. Nothing like it in dahlias.

Root \$3.00. Plants \$1.50.

WATCHUNG MAROON. (Smith). A giant decorative of almost black, resembling Fort Washington, but darker. Fine long stiff stems hold the blossoms up good. Tall growing plant.

Root \$3.00. Plants \$1.50.

WATCHUNG WONDER. (Smith). This spectacular decorative created a sensation at the dahlia show at New York, 1928. Color is a royal-red with a touch of gold at center of the flower, and now and then a tiny petaloid of gold to enhance its beauty. The size of bloom is enormous, and also very deep and full to the center. Stems are heavy and stiff. Height 6 feet.

Root \$7.50. Plants \$3.75.

YELLOW BEAUTY. (Wood-Waite). A seedling of Jersey's Beauty, having the same splendid stem, perfect form and habit of growth—the color being a pure empire yellow.

Root \$5.00. Plants \$2.50.

YELLOW PRINCESS. (Fraser). A sensation wherever shown. Without doubt the largest and best yellow decorative dahlia. Flowers 10 to 12 inches on stiff stems. Won the American Dahlia Society Gold Medal ribbon, 1927, for the best undiseminated Decorative Seedling that had been certified at Storrs Trial Gardens. First prize for largest bloom in show at Providence, R. I., 1927. American Dahlia Society Certificate of Merit, 1926.

Root \$3.00. Plants \$1.50.

YANKEE KING. (1927 Novelty of Sarah Wakeman Wood's). It is hard to accurately describe the coloring of this dahlia which has won so many prizes at the New York shows, which is a recommendation in itself. It is a bloom of deep autumn tints with some rose on the reverse of the petals, or as one admirer described it, intense flame with rose reverse. The blooms are very large and held erect on a tall vigorous bush with extra long fine stems. Yankee King was one of the eleven varieties that scored at Storrs for the A. D. S. Field Day. This was also one of the outstanding dahlias in our garden this past season.

Root \$3.00. Plants \$1.50.

CACTUS DAHLIAS OF UNUSUAL MERIT

AIMEE HODGENS. (S.C.) (B.B.) Color is a golden bronze, this combination is effected by a slight suffusion of red on the reverse of the petals. Stems are long and straight, and hold the flowers up good. An early bloomer and the flowers are extra large. The plants grow tall and spreading and need plenty of room.

Root \$10.00. Plant \$5.00.

AMERICAN TRIUMPH. (Nuneviller). Winner of the American Home Sweepstakes at New York, 1929, for the most outstanding New Seedling in the entire show. Undoubtedly the finest true Cactus Dahlia to date. Such an unusual coloring, the brightest shade of pure oriental red without a trace of any other color. The large flowers are deep and with good substance and are held erect above a strong, medium, tall bush. It will not only make a most worthy addition to the Cactus class, in which there are so few good exhibition varieties, but an exceptionally good garden and cut flower as there is no better keeping Dahlia in existence.

Plants only, \$2.50.

A. A. STYVERS. (Bessie Boston). This new dahlia is like Ambassador except the petals are incurved, not straight. Flowers are at all times immense, and carried on fine, strong, long stems. Color is most attractive, amber shaded with salmon rose, with a distinct center of creamy tan. There is no dahlia exactly like it in coloring, and it is a variety which does not change coloring when grown in a different soil and climate. Nine-inch flowers are a daily occurrence, in fact, we have had many flowers eight and nine inches when the terminal buds have not been removed.

Root \$5.00. Plants \$2.50.

AMBASSADOR. One of the most sensational varieties ever originated. Color is soft yellow, with salmon, amber and pink shadings, gradually deepening toward the tips of the petals. Flowers are immense in size and are held erect on extra fine strong stems.

Root \$1.00. Plants \$1.00.

- ALICE WHITTIER.** (Reed). Immense cactus more like a gigantic true cactus as petals are very long and fold to a point. Blooms up to 10 inches, 6 to 7 inches deep, on cane-like stems and can be cut 3 feet or more in length. Wonderful plant and prolific bloomer of exhibition flowers of a clear primrose yellow. Winner of many prizes. Grand keeper and for exhibition.
Root \$1.50. Plants \$1.00.
- ADDA PATTERSON.** One of the best white Cactus Dahlias to date. The flowers are pure white, and average 8 to 9 inches in diameter. The plant grows tall and the blossoms are held aloft on long stiff stems. Habit of plant is fine and flowers keep good when cut.
Root \$1.50. Plants \$1.00.
- ANDREAS HOFER.** An imported variety of much merit. This is one of the most beautiful dahlias I have had the pleasure of growing; it has been a prize winner wherever exhibited. It won at the Boston Dahlia Show for best basket, and it had plenty of competition. Color is a glowing light pink, with a salmon-rose suffusion. Cactus in form, the beautiful blossoms are held erect on long, strong, upright stems. This wonderful novelty is recommended for all purposes.
Root \$1.50. Plants \$1.00.
- ADELINE C. LORBEER.** (C.) I regard this as the best pure bright Cactus Dahlia that I have seen. The medium large flowers are produced on fine stems. The color is Spectrum red (scarlet red), without shading. This desirable dahlia stands the hot sun well without bleaching or burning and keeps well as a cut flower.
Root \$2.00. Plants \$1.00.
- ALEX KENNEDY.** (C.) Very large deep crimson flowers. Extra long strong stem.
Root \$1.00.
- BONNIE G.** (C.) Produces very large flowers and an abundance of them. The color is a true and dainty pink.
Root 75¢
- BALLET GIRL.** (C.) "Bessie Boston Introduction." A bush of this variety will contain such a riot of colors that it is no fun to describe it. There will be pure orange blooms, some orange with white edges, white shading to orange. All are beautiful and very large. Fine for exhibition.
Root \$1.00.
- BORDER KING.** (C.) Deep, rich, glowing scarlet, the large incurved blossoms are held erect on long stiff stems.
Root \$1.50.
- CARONA.** (C.) Huge exhibition flower of true English type. A clear yellow on fine stems.
Root \$1.50.
- CHEMAR'S MASTERPIECE.** (C.) (Marsh). A huge incurved cactus of orchid pink. Flowers extra large of fine form and borne on long, straight stems. Extra fine growing habits, being a seedling of Mrs. I. de Ver Warner. Awarded Certificate of Merit by Dahlia Society of New Jersey. One of the outstanding dahlias.
Root \$2.50. Plants \$1.25.
- C. B. GITCHENS.** (C.) (Peacock). One of the best clear yellow cactus dahlias we grow. Produces well-formed flowers of good substance and keeping qualities, on long, slender but stiff stems. Valuable for exhibition and as a commercial.
Root \$1.00.
- CITY OF NEW YORK.** (Harding). Pale golden amber with salmon blushes and tints, beginning about halfway on each petal, and shading to a rich, pure salmon color at the edge of the petals. There is just a touch of salmon on the center petals as they come out. Good stems and excellent keeper. Height 5 feet.
Root \$5.00. Plants \$2.50.
- CIGARETTE.** This dahlia is best described as creamy white, heavily edged orange, but no two flowers are exactly alike, the petals are long and narrow and inclined to roll; bloom is large and of good substance. Solid color flowers are scarce on bushes of this variety, but when they occur, are of pure orange.
Root \$1.50.
- CONQUISTADOR.** (S.C.) Soft creamy yellow shading to a glowing pink at the base of the petals. The pink coloring is very pronounced and gives to the flower the appearance of being illuminated from within. This is a dahlia built on a massive plan. The plant is extraordinarily tall and the flowers can be cut with 4-foot stems. The bloom is in proportion, being regular.
Root \$5.00. Plants \$2.50.
- DR. WEBB.** (S.C.) (Clohan). One of the most satisfactory dahlias in every way. No work to take care of it and at the same time plenty of large blooms 8 to 10 inches without forcing on stems stiff and straight and any length desired up to three feet. A seedling of Ambassador with all its good qualities. Petals are long and wider than its parent; a much deeper and richer color, which I would describe as golden amber. The blooms are of fine formation, very deep and has never shown an open center. The plant is a vigorous grower, attaining a height of six feet. Foliage light green, healthy, and has been immune to attacks of leaf hoppers.
Root \$3.50. Plants \$1.75.

DOROTHY DIX. (S.C.) (Bessie Boston). An immense blossom of silvery pink of distinct incurved formation. Petals roll very evenly. Stem is perfect, long and stiff. Plants grow tall and sturdily and produce big flowers early and late. Center is always closed. A big buch of Dorothy Dix picked the middle of November, had excellent stems, closed center, beautiful color and large size, and yet the bushes were among the first to blossom. This is one of the largest hybrid cactus we have ever grown and will be found splendid for exhibition and delightful for cutting. We cheerfully recommend it, for despite its enormous size, it has every good quality.

Root \$5.00. Plants \$2.50.

EDGAR S. JACKSON. Incurved Cactus. A prolific bloomer, producing large, perfectly formed blooms on straight, upright stems, of coral salmon, shaded to light pink on the outer petals. One of our very best cactus Dahlias.

Plants only, \$2.50.

ELLA MAY. It is seldom we find a cactus Dahlia with such a fine stem. Flowers are large and deep, with full centers, a deep, rich carmine, a good growing variety that is decidedly different.

Plants only, \$2.00.

EAGLE ROCK GEM. (C.) Maize yellow shaded orient pink. This is certainly the finest shaped, strong stemmed cactus dahlia yet produced. Its form is much finer than Ambassador, and the color is very unusual and pleasing; the habit is good, the flowers always standing perfectly erect. Height 3 feet.

Plants only, \$2.50.

"EDNA FERBER." (S.C.) An Exhibition Cactus with an extremely fine stiff stem. Color a glistening coral shading to old gold at the base of petals. One of the first flowers to attract attention both in the field and on the exhibition table. Petals curled and twisted, making a very full flower. Medium to tall habit of growth, foliage dark green and thick.

Root \$2.00. Plants \$1.00.

EAGLE ROCK JEWEL. (S.C.) (Broomall). This was considered the outstanding new dahlia of California origin. The color is cream overlaid cameo pink and the large flowers are borne on strong stiff stems. Will be in great demand.

Root \$2.50. Plants \$1.25.

EAGLE ROCK WONDER. (S.C.) (Broomall). This mammoth Sem Cactus is one of the largest to date. The color is mars-orange, shading to orange-buff, with tints of coral-pink and coral-red, the general effect being between orange and apricot. A strong grower. Height 5 feet.

Plant \$7.50.

F. J. MARCH. (S.C.) (B.B.) This was an outstanding dahlia in my garden the past season, and should be in great demand. The flower is enormous and one of the biggest of this type. Petals roll evenly and form is slightly incurved. The color is pure lavender. The plant is a rank grower and needs plenty of room.

Root \$15.00. Plant \$7.50.

FRED W. PATTERSON. (S.C.) A seedling from the beautiful Adda Patterson, but a stronger, heavier flower. The color is difficult to accurately describe, and as near as we have been able to work it out, with the aid of Ridgeway's Color Chart, the color is lavender pink, with deep amaranth pink reverse. A beautiful color combination that instantly attracts and holds the attention. With us the flower averages 10 inches and over in diameter, but in a letter received from a grower who had it on trial the past season, he says the flower was as large as Fort Monmouth with him, and that it was about the best dahlia in his collection. The long stiff stem holds the flower high above the foliage. Plant is vigorous, with habit and foliage identical with Adda Patterson. A most excellent garden and exhibition variety. Height 7 feet.

Root \$5.00. Plants \$2.50.

FAIRHAVEN GOLD. This dahlia has great depth, as well as large size, and is produced freely on long, stiff stems. A medium, low grower. Color a pure glistening gold, beautiful formation, mentioned in the Garden and Home Builder Dahlia "Roll of Honor," 1927. Stock limited.

Root \$5.00. Plants \$2.50.

FARNCOT. (C.) (Fraser). One of the best keeping and most satisfactory cactus dahlias it has been our pleasure to grow. Color is aster purple, tipped white. The flowers have perfect form and are carried on top of good stiff stems. Profuse bloomer. This variety is distinct and should be included in every collection.

Root \$1.00. Plants \$1.00.

GOLDEN SONNE. (C.) An imported variety of great merit, greatly admired at the dahlia shows the past season; a counterpart of Andrees Hofer, except in color which is canary yellow, blending to a light sienna at ends of petals, destined to become popular. Height about 4 feet.

Root \$2.50. Plants \$1.25.

- GUARDIAN.** Giant glowing scarlet flowers, carried on long stiff stems. Root \$1.00.
- GLADYS BATES.** This is one of the popular new dahlias. The heavy blooms, incurved petals of tan, with a reverse of rose, are very attractive. This is a perfect cactus with all the good points and is always covered with bloom. Root \$1.50. Plants, \$1.00.
- HERBERT RABY.** Deep wine crimson; large flower. Root \$1.00.
- ISHBEL.** (C.) (B.B.) This is a very large Cactus Dahlia and one of my favorites. Color is a striking combination of two shades of yellow. The outer petals are a bright amber and the center is pure chrome yellow. Stems are long and straight and hold the flowers erect. Bushes grow tall and need plenty of space. Early bloomer. Root \$7.50 net. Plant \$3.75.
- ISLAM PATROL.** Dark velvety scarlet, tipped and flushed with gold, a gorgeous variety; this will be among the prize winners. Root \$1.50. Plants \$1.00.
- JACK CURTIS.** A huge, perfectly formed and very popular dark maroon and garnet hybrid cactus dahlia. This magnificent Eastern dahlia has won much attention in our garden as it has every good point to recommend it—fine stems, great size and depth and a magnificent dark color combination. Root \$2.50.
- JULIAN.** Beautiful flesh pink, fading to almost white center. Large flowers on good Stems. Root \$2.00. Plants \$1.00.
- "JEAN HARE."** (S.C.) (F.&M.) A distinctive Exhibition Cactus unusually odd in its formation and possessing distinctive charm. In the earlier stages of bloom the color is a beautiful golden yellow; as the flower matures this color is superseded by a gorgeous apricot buff, while the outer row of petals show a golden bronze coloring. This flower attracted an unusual amount of attention both in the field and on the show table. A splendid autumn-colored dahlia that has won its mead of praise both for size and beauty. A free bloomer, medium to tall habit of growth, perfectly rigid, upright stems and fine dark green foliage. Root \$2.00. Plants \$1.00.
- LAVINIA BROOMALL.** (C.) (Broomall). This cactus is large and very unusual in form and color, which is a light orange-yellow, shaded coral-pink. A free bloomer and good stems. Height 3 feet. Root \$7.50. Plant \$1.50.
- LILLIAN B. LEE.** (C.) (Lee's). This is a very large cactus, with lacy incurving petals, which never shows an open center. Color is ivory, stems are good and hold the flowers well above the foliage. Free bloomer; height 5 feet. Root \$7.50. Plant \$3.75.
- MISS LONGVIEW.** (S.C.) (Tyler). The coloring of this huge dahlia is bright canary yellow with reverse jasper-red. This Dahlia attracted a great deal of attention in the garden the past season and was one of the outstanding Dahlias. Root \$7.50. Plants \$3.75.
- META SCAMMEL.** A huge exhibition hybrid cactus, center of flower pale amaranth pink, shading to deep amaranth pink, a most artistic flower on account of petals being irregularly placed and terminating in sharp points, which curl and twist and give a great depth to the flower as a whole, an unusually beautiful flower that can be grown 5 inches or more without forcing, flowers carried high above foliage on long, straight, slender stems, plant has a clean habit of growth, and foliage is dark green. Height about 5 feet. Root \$3.00. Plants \$1.50.
- MINNIE EASTMAN.** (S.C.) (Eastman) c g e, Bloom 8x4, Bush 6 ft. This fine introduction has been a popular winner at both the Baltimore and Maryland Dahlia Shows for the past three years. It is a very hybrid cactus of a bright flame color with undershavings of deep yellow. Stems, long and erect. Bush growth healthy, with smooth, glossy foliage. Root \$5.00. Plants \$2.50.
- MRS. MARGARET STREDWICK.** (C.) This is a very fine cactus dahlia. Color is a soft pink, form is perfect and it is a very free bloomer. Root \$1.00 each.
- MRS. ALFRED HARVEY.** (C.) The finest incurved, narrow petalled dahlia we have ever grown. A light salmon-pink with darker shading at the base of fleret; fine long stiff stems. Root \$2.00.
- MRS. C. A. GILLATT.** (C.) This is a monster cactus, having many long fine petals. The color is yellow, base deepening to rose-pink with yellow at tips. Root \$2.00.
- MAMMOTH.** (C.) (Stredwick). This is one of the largest cactus dahlias to date. Color is purpleish crimson, relieved by lighter tips. A great exhibition variety. Root \$2.00. Plants, \$1.00.

MARION BROOMALL. (C.) Pink and white seedling from Gladys Sherwood, it is more cactus in shape than its parent, with better stems and habit, and a very free bloomer. A grand flower. Root \$1.50. Plants \$1.00.

MIRAFLORA. (C.) White, tinted violet-pink. The petals are long straight and rather narrow. The flowers are 8 inches in diameter without disbudding and are borne profusely on fine stems, this variety is distinct. There is nothing like it. Root \$2.00. Plants \$1.00.

MY MARYLAND. (S.C.) (Downs). This exhibition Hybrid Cactus is of a decidedly unique coloring, a blending of unusually delicate pink with the faintest suggestion of lavender, the pointed petals whorl and twist in such a manner as to blend the two colors. There are pinks and there are lavenders, but this flower is in a color class of its own. Excellent stems and leathery foliage. Awarded the Maryland Dahlia Society Gold Medal in Atlantic City, hence its name. Also awarded the Garden & Home Builder's Achievement Medal. First prize at A. D. S. Show in New York for best undisseminated Hybrid Cactus. Certificate of Merit, A. D. S. at Storrs. Root \$2.50. Plants \$1.25.

NAGELS ROEM. (Belgian Hybrid Cactus). Immense flowers borne aloft on very rigid stems. Coloring Naples yellow tinted with salmon and chamois of the most delicate shadings. This is without doubt the finest European importation of recent years. It has received three first class certificates. Root \$1.50. Plants \$1.00.

NEW GLORY. (Sem Cactus). This dahlia is all that its name implies—one of the most striking bi-colors it has been my pleasure to grow. It has been a consistent prize winner during the season just past, and was a constant attraction at the shows and in the garden. Grows to large size, many times attaining 10 inches. Strong grower, with stiff stems keep the beautiful blooms of light ox-blood red, with tips of petals blazed with white, facing you. Petals have a charming quilled effect near the points. Stock of this variety is extremely scarce. Root \$5.00 net. Plant \$2.50.

ROBERT E. LEE. (Semi Cactus). (Peacock). Color bright luminous cardinal red, reflex, lighter. Not only a 1929 Honor Roll Dahlia, but won prizes in many open classes. This Dahlia holds its color and does not fade. Stems are good and hold the flowers facing. Height 5 feet. Root \$10.00. Plant \$5.00.

ROYCROFT. (Cactus). One of the spiky dahlias, almost star shaped, and of an extremely odd and striking color, best described as cinnamon buff, deepening to tawny russet in the center. Of large size, excellent form, petals rolled to tips and never showing an open center to the end of the season. One of the first to bloom and the low-growing bushes always show a mass of perfect flowers until frost. Foliage is unique, inasmuch as it seems to be absolutely insect proof. A distinctly different variety both in shape and coloring. Root \$1.00.

RISING MARS. (S.C.) (Simmons). A cactus that for five years has been winning awards at the New England Dahlia Society shows. It has won seven first prizes, two silver medals, and the Darling Cup. In December, 1928, it was placed on the honor roll of The American Home Magazine. An abundant bloomer, early and late. Natural flowers with a uniform size of nine inches. Its color given by Ridgeway's chart as Pomegranate Purple. In the sunlight the blooms have a three tone effect. Never burns in the sun or sheds its petals. Can always be depended upon for blooms and a tight center. The plant stands five feet with dark green leaves and needs no pruning. The strong stems are long and slender. For the first time this five year old seedling is offered for sale. The tubers offered are all field grown from tubers. Root \$3.00. Plants \$1.50.

ROXY. (Berwick Dahlia G). A Semi Cactus of exceptional merit, destined to become one of the best cut flowers of the present day. The coloring is apple blossom pink, blending in center to a light canary yellow, making it very attractive. This is not just another dahlia—it is different, and for that reason very desirable. Root \$10.00. Plant \$5.00.

REGENT. This dahlia has immense size and is a very free bloomer; color a clear mauve pink, the petals incurve so as to completely hide the center. Root \$1.50. Plants \$1.00.

SILVERHILL PARK. The finest narrow petals incurved white cactus ever introduced. Never burns in the sun and is a beautiful cut flower variety. Root \$2.00. Plants \$1.00.

SPORT. (Dahliadel 82), g c, Bloom 8 x 3½, Bush 5½ ft. As its name indicates, it is a sport of F. W. Fellows with all its merits; a pleasing shade of deep buttercup yellow with buff shadings at center. This variety has never reverted to its parent. A wonderful exhibition flower and a favorite in the garden. Root \$1.00.

SYDNEY JONES. (C.) "Stredwick." I consider this the most beautiful cactus dahlia I ever raised. It is very large and held erect on stiff stems. The florets are long and very narrow. Color a clear, deep pink, enhanced by a disc of yellow at base and quite distinctly tipped with yellow. Plants only, \$1.50.

STARLIGHT. (Bessie Boston). This Cactus has won many prizes. Color is pure gold, stems are long and stiff and hold the immense blossoms rigid, well above the foliage. Bushes grow tall and branching. Root \$5.00. Plants \$2.50.

SANTA ANNA. One of the largest and best cactus of this shade. A beautiful salmon rose suffused with gold. The plant is of medium height and a free bloomer. The flowers are held well above the dark green foliage on good stems. The petals are long and wavy which give the flowers striking form. The color of this dahlia is most attractive. Root \$2.00. Plants \$1.00.

SILVERADO. (Seal). This is a beautiful cactus. The immense blooms are of white, gradually shading toward the center to a delicate silvery lavender. The stems are extra long and strong, and the tall, well branched bushes are always covered with huge, feathery blooms. Root \$2.00. Plants \$1.00.

SISKIYOU. (Broomall). In this we have one of the largest dahlias to date; has won that prize at nearly all shows the past season. Color pink-tinged mauve; plants are sturdy and vigorous, and the flowers are held erect on strong stems. Root \$1.00. Plants \$1.00.

SHAWNEE'S SENSATION. (C.) No dahlia that we have seen even approaches the form of this most unusual flower. It resembles a huge chrysanthemum. The stems are cane-like. It is white in color with shadings of pale lilac that disappear after the flower is fully open. Plant \$3.75.

THE IMP. The darkest cactus dahlia. The petals are long and narrow and incurved claw-like. Root \$1.50.

UNUSUAL. (Bessie Boston). The base coloring is cream, heavily suffused with the deepest shade of cerise pink. Every petal is heavily tipped with this odd coloring, and there is a glint of gold showing in the inner petals. Don't you think the name suits the flower? The large blossom is incurved with closely rolled petals. Stem is stiff and strong and carries the flower well above the leaves. The tall plants produce freely all season. Flowers of this variety will be found splendid for exhibiting and admirable for bouquets. Unusual created a sensation last year in a far-away London garden. Root \$3.00. Plants \$1.50.

VICAR OF WASCPERTON. An exquisite shade of soft pink, passing to cream center. Very large, incurved flowers; narrow petals. Root \$2.00 each.

W. H. WAITE. (Sem Cactus). (B. B.) This wonderful Dahlia has won many prizes at the coast. Color is shell pink, shading to a cream center, and the flower is carried erect on a long stiff stem. The artistic weaving of the long, curling petals, combined with the rare, delicate coloring, make this variety an outstanding production of the Bessie Boston originations. Plants only, \$10.00.

POMPON DAHLIAS

General Collection

These are superb for cutting, producing flowers in enormous quantities, and being small and compact they last a long time when cut. When in full bloom they have a telling effect in the garden, and are such profuse bloomers that each plant resembles a huge bouquet of most brilliant flowers. The following list is most complete and select:

AIMEE. A wee flower of bronze; free flowering on long stems. 50¢

ARTHUR. Brilliant scarlet, small flower. Regularly formed, long stems. 50¢

ATOM. One of the best early and profuse bloomers of perfect form. Color, fiery red. Root \$1.00.

BANTAM. This is a novel color of brownish red. Small and well formed. 50¢

BARBARA PURVIS. A fine pure white. 50¢ each.

BELL OF SPRINGFIELD. Red; very small. 50¢

BLUTROCHEN. Blood red, rose points. 25¢

BRUNETTE. Crimson, showing white. 50¢

BOBBY. Deep plum color. Extra fine and free. 25¢

CANDY KID. One of the best coral pink, shading to lavender; small and perfect in form. 50¢ each.

- CATHERINE.** Bright yellow. 50¢
- DAISY.** A neat and constant variety; color, amber and salmon. 50¢
- DARKEYE.** Pink with lavender center. Good. 50¢
- DR. JIM.** Light ground edged purple. 50¢
- DOUGLAS TUCKER.** Golden yellow, with crimson center. A gem for cutting and exhibition. 50¢
- DEEDEE.** Very dainty and small; shade of pure lavender. 50¢
- DANDY.** Form is perfect, color orange, very small and free. 50¢
- DIMPLES.** Golden apricot, brownish center. Root 75¢
- EILEEN.** A most lovely flower, white tipped with lilac. Indispensable for exhibition and garden. 75¢
- ELIZABETH.** Golden yellow edged with brownish red; long stems. 50¢ each.
- GERTRUDE.** One of the brightest dahlias grown. Color, glowing carmine, of good form on good stems. Root 50¢
- GYPSY.** A very small yellow blossom delicately flushed with sunset red. 50¢ each.
- GIRLIE.** Mauve pink with splendid stems. Excellent for cutting. 25¢
- GANDYMEDE.** Amber, tinted lilac; a novel and distinct variety. 50¢ each.
- GRAUSERWEIN.** Crush strawberry. 50¢
- GLOW.** Charming old rose. 50¢
- GOLDIE.** Color pure gold; a tiny flower of perfect form; good stems for cutting. 50¢
- HAAKE'S GLOW.** Yellow base, tipped old rose. Root \$1.50.
- HYPATIA.** Salmon, shading to pink. 50¢
- HAZEL.** A buff deepening to brown; small, fine form. 50¢ each.
- JOE FETTE.** Extra fine white. 50¢
- JESSICA.** Amber, edged red. 25¢
- IDEAL.** A light yellow, of fine form, and one of the best. 50¢
- JOHNNIE.** Tiniest of all and none more perfect in form. A deep dark red. A favorite with men for button hole bouquets. 50¢
- JOHNNY PIPPIN.** Small dark crimson, splendid stem. Root \$1.00.
- KIM.** A beautiful orange color. 50¢ each.
- LASSIE.** Dull old rose. 50¢ each.
- LEADER.** Yellow, heavily tipped rosy purple. 75¢
- LYDIA.** Rose white with violet purple spots and striped. 50¢
- LITTLE BEESWING.** Very tiny, red shading to yellow. 50¢
- LITTLE JENNIE.** Primrose yellow; very finely quilled. 25¢
- LITTLE MABEL.** Amber. 25¢
- LLOYD HICKMAN.** A distinct new color of old rose, fine cut flower. Root \$1.00.
- LILIAS.** One of the loveliest of this type; cream ground heavily suffused with pinkish mauve. Each 50¢
- LITTLE DAVID.** The deepest shade of orange. Small, perfectly shaped blossom. Each 50¢
- MARIETTA.** Deep rosy crimson of very perfect form. Extra long stems; very free. 50¢
- MARS.** Bright scarlet. Well formed flowers. 50¢
- MIDGET.** Salmon, suffused with violet. 50¢
- MIKE.** A charming new color of burnt orange, shading lighter at the outer petals. Flower is small and round. Free bloomer. \$1.00 each.
- MACBETH.** White tipped pink, very rare, perfect form. 50¢ each.
- MARY MUNNS.** Fuchsia color with a orchid sheen, long stems, very fine. Root \$1.00.
- NELLY FRASER.** The very best pink; stock scarce. Each 50¢
- NERISSA.** Soft rose, tinted with silver, one of the best.
- OMEGA.** Amethyst, faintly tipped white; very small. 50¢
- PERFECT.** Yellow, decidedly tipped with rosy pink; most attractive. 75¢
- PHYLLIS.** Deep yellow, shaded and edged red; small, and good form. 50¢
- PEE WEE.** Soft yellow with a center shading to brown. 50¢ each.
- PETITE.** Small blossom composed of tiny pointed petals; a lovely new shade of amethyst. 75¢
- PIXY.** A very small deep yellow, heavily tipped Indian red. Root \$1.00.
- PEGGY ANN.** Yellow, shaded brownish red toward center. Long stems. Root \$1.00.
- PAUL HOROMPO.** Another tipped variety that is good. Spectrum red, tipped white. Root 50¢
- RED INDIAN.** Deep coral red; very good. 50¢
- ROSA.** Quite a model in size and build. The color is pretty and distinct. 25¢

PHŒBE. Orange and scarlet.	75¢	SUNSET. Beautiful orange colored pom- pon and very popular for cutting and ex- hibition. The coloring is particularly charming.	50¢
REGULUS. Excellent cerise purple of small size.	50¢		
RENO. Beautiful old rose, shading to old gold.	Each 50¢	TOMMY KEITH. A small, perfectly formed blossom of deep red, tipped white. Very attractive.	50¢
SUNSET GOLD. A new color, capucine- yellow, heavily suffused orange.	Root \$1.50.	TINY TIM. Soft peach pink; very small. One of the best.	50¢ each.
SALLY. New 1930. Small shell-like petals of cream, delicately flushed pink.	Root \$1.00.	WEE GRACIE. A charming little pom- pon. It is very constant, the color is white with a faint lavender tip and edg- ing.	50¢
SAN TOY. White, heavily edged, rosy carmine.	50¢	YELLOW GEM. Creamy yellow, small and fine form. Long stems.	50¢
SNOW CLAD. White, free bloomer.	25¢		

MINIATURE DECORATIVE DAHLIAS

COUROME. A very small perfect form Decorative, of pure white, on a fine stiff stem.	Root 50¢ each.
LITTLE JEWEL. Popular as a cut flower, especially for decorations. Color pleasing peach blossom pink. Fine stems.	Root 50¢ each.

SHOW DAHLIAS

GENERAL HAIG. Best scarlet show.	Root \$1.00.
GOLD MEDAL. Fancy, bright lemon yellow, regularly striped dark crimson.	Root 75¢
JAYSEEDIE. (Draude 86), g e, Bloom 4½ x 3½, Bush 4½ ft. A beautiful ball-shaped dahlia of soft reddish violet striped and speckled rich deep red. A perfect ball. Bush compact, but fine stems can be produced by disbudding. A winner on the ex- hibition table.	Root \$1.00.
MARITANA. Lilac or mauve shade. True type, large flowers, with closely quilled petals.	Root \$1.00.

COLLARETTE DAHLIAS

The Collarette is the newest introduction in Dahlias. It is a single Dahlia with a fringe or collar of small petals around the center; hence the name.

BULLFINCH. "Stredwick." Color a brilliant crimson scarlet, with yellow collar and distinct yellow disc at center. The flowers are of rounded form and have stout, long stems. To me the best of this class.	Roots 75¢ each.
FILLE. "New." Buttercup yellow with a paler color; big and alluring.	Root \$1.00.
JESSAMINE. "Stredwick." A distinct color, possibly described as lilac magenta with white collar. Flowers large and of pleasing form.	Root 75¢ each.
MERCEDES ANN. "New." Big dark maroon, with a contrasting cream colored collar. Good in every way and generally liked.	Root \$1.00.
HERALD. Large, rich, rosy pink with white collar.	Root 50¢

EUROPEAN SINGLE DAHLIAS

FUGI SAN. Bronze yellow flowers with crimson ring.	Root 75¢
PRINCE OF WALES. Soft pink, very pretty and dainty.	Root 75¢
FRAGRANCE. In this we have a little beauty, each petal is snow white with a broad margin of bright red. The form is perfect. The plant has beautiful fern-like foliage, and the flowers are borne erect on stiff, slender stems. Free bloomer. Height 2½ feet.	Root \$1.00.

Choice Named Varieties of GLADIOLI

Our customers will note in this issue many new varieties that we have tried out in our gardens and found to be worthy acquisitions. It is our practice each year to obtain plantings of the newer creations in order that our many visitors may have the opportunity to view them while growing in our fields.

CARE AND CULTURE OF GLADIOLI

Do not plant too early, as nothing is gained by planting before the ground is warm. If your soil is heavy, plant four inches deep, if light and sandy, six inches is better. Place the bulbs four to six inches apart. Place the bulbs in a well worked trench in zigzag rows, and cover at first about three inches, when shoots begin to appear, work balance of dirt into the trench. At all times keep the soil loose. If exhibition blooms are wanted Sheep Manure or Fertilizer should be worked in around the plants when hoeing.

In the Fall dig the bulbs as soon as the leaves turn yellow. Cut stem off half an inch above bulb. Spread bulbs out in the sun and dry thoroughly before storing. Store in a cool, dry cellar.

A. E. KUNDERD. (K) Very large salmon pink with dark blotch. Heavily ruffled. 35¢ each.

AH. Pale apricot-pink and yellow. Has a very beautiful bud; very fine. 15¢ each; \$1.50 dozen.

ANNIE LAURIE. A real gem. Medium sized flowers, nicely placed upon a medium length stem. White suffused fresh, rosy pink, semi-ruffled, slight marking of carmine on lower petals. A dainty delicate pink and like its lovely namesake. 10¢ each; Bulblets \$1.00 per 1000.

TITAN. (Errey). Immense salmon pink with purplish blotch. 35¢ each.

VICTOR. (Errey). Brilliant scarlet. Large, one of the most striking Glads ever produced. Clear scarlet with pure white throat 75¢ each. Bulblets 75¢ per doz.

VEILCHENBLAU. (Pfitzer). Tall, large dark blue. The finest dark blue. 50¢ each; small 20¢ each; bulblets 35¢ per doz.

VEILED BRILLIANCE. (A) Bright pink tinted gray. Very large blooms, extra good. 35¢ each; small 20¢ bulblets 25¢ doz.

VIRGINIA HALE. Beautiful soft creamy salmon rose, deeper towards border of all petals. 10¢ each; \$1.00 per doz.

WILLIAM McGAVIN. (D) Silvery rose, a very beautiful shade entirely different from any other. Several open. One of the best. \$1.00 each.

WILLIAM T. KENT. (D) Creamy shell pink, with golden ochre lip. An exquisite color. Very fine. 25¢ each; bulblets 35¢ per 100.

WILBRINK. This variety has everything to recommend it. Immense blooms of a delightful flesh pink, on a graceful spike. An early and profuse bloomer. A few spikes make a splendid decoration. 6¢ each; 50¢ per doz.

WILLIAM G. BADGER. Very large light salmon rose. Throat cream, speckled with ruby. A very showy spike. 15¢ each; \$1.50 per doz.; bulblets 20¢ per 100.

WHITE WONDER. This is a very large pure white, without any markings in the throat; this will become a leader in the white class. 10¢ each; \$1.00 per doz.

WATER NYMPH. A 1926 introduction, originated by Thomas H. Hughes, New Bedford, Mass. Color seashell pink, tinted rose on edges, bases apricot yellow striped pomegranate purple. Form wide orchid to wide lily, with tips reflexing. Rated 93 exhibition and commercial, by Mr. Charles E. F. Gersdorff, Washington, D. C. Each 35¢

WINIFRED. (Stephen). Peculiar combination of purplish plum and yellow, long spike, very odd and distinctive. 25¢ each.

ATTENTION. We can supply bulblets of nearly all varieties. Bulblets by the dozen, hundreds or thousands. If interested, write for prices. Your correspondence is cordially solicited. Write for special prices on large orders, or planting stocks.

EXHIBITION MIXTURE

Made up of many choice varieties. If bought under name, cost double the amount asked. \$5.00 per 100 Bulbs.

CHOICE MIXTURE—\$3.50 per 100 Bulbs

GARDEN MIXTURE—\$2.50 per 100 Bulbs

GENERAL INFORMATION

Order Early. It is well to order early, as the demand for many of the new novelties often exceeds the supply, and the best of the standard sorts are in great demand.

Terms. Cash with order or in advance of shipment. All retail orders are delivered prepaid.

Time of Shipment. Please specify the time you wish your order shipped, otherwise it will be sent at proper planting time.

Guarantee. I WARRANT ALL STOCK sent out by me to be true to name, and will replace any that may prove otherwise. Also to arrive in good growing condition. All stock sent out before March 20th is sent at buyer's risk. Although we take every precaution, they are not guaranteed against freezing. All prices given are subject to stock being unsold.

GREEN PLANTS

I make a specialty of growing Green Plants. Fine results will be obtained if given proper care, and they are less liable to become diseased than tubers. Green Plants should be planted quite deep, four to five inches. The past season my customers have had fine results from the plants I sent them. We grow good plants and pack them right and guarantee safe delivery.

I will ship plants any time after May 15th, but recommend from May 25th to June 20th, as the best time, in most localities.

SPECIAL OFFERS

For those who would like a very choice selection of twelve named varieties, and are willing to leave the selection to me, I would make the following offers. These will be big values for the money, and are sure to please you.

Offer No. 1. I will send prepaid, twelve extra fine large Dahlias, no two alike, each one labeled. **For \$10.00.**

Offer No. 2. I will send prepaid, twelve choice Dahlias, no two alike, each one labeled. **For \$5.00.**

Offer No. 3. I will send postpaid, twelve unnamed but all high class Dahlias. **For \$3.00.**

Offer No. 4. I will send prepaid, twelve very choice Pompon Dahlias, no two alike, each one labeled. **For \$3.00.**

SPECIAL FOR EARLY BUYERS

With all cash orders mailed before March 1, 1931, you may select from my Catalogue, Gladioli bulbs, Dahlia tubers or plants, the following values:

With all orders of \$10.00 or over, select \$1.00 in value

With all orders of \$15.00 or over, select \$2.00 in value

With all orders of \$20.00 or over, select \$3.00 in value

With all orders of \$25.00 or over, select \$4.00 in value

With all orders of \$50.00 or over, select \$7.50 in value

The above offer is not allowed when other discounts are given. I reserve the right to substitute any other variety of equal value should I be sold out of the varieties you select.

CULTIVATION OF DAHLIAS

Dahlias are easily grown, requiring no special soil or treatment to bring them to perfection. They love an open, sunny situation, but also succeed in partial shade.

Prepare the soil thoroughly by digging 12 to 18 inches deep in the Fall, and then again in the Spring before planting.

If the soil is poor, work in some well-rotted manure in the Fall and apply artificial fertilizer in the Spring—100 pounds to 1000 square feet.

Dig holes 3 or even 4 feet apart and about 6 inches deep; drive a stout stake in each hole and lay the tuber down flat with the crown toward the stake and cover with 2 or 3 inches of soil, leaving the balance of the hole to be filled up later, after the plant comes up.

Plant any time between April 15th and June 15th, the latter date being the best for exhibition flowers.

When the plants have made their third set of leaves, the top should be pinched out, to make them branch. Allow only one plant to each stake.

The most important thing from now on is hoeing and cultivating until the buds appear; this should be done at least every week and after every rain. After the buds appear the ground should be mulched with rotted manure if possible, and a thorough watering should be given whenever the plants require it.

Disbudding the side buds, leaving only the terminal bud to develop, will bring larger blossoms.

DIGGING AND STORING

After the first black frost, cut off the tops at the ground and allow to stand a few days to bleed out. Then dig with a garden fork. Care should be exercised not to break the tuber necks. Cut the stalk back again to about 2 inches above the crown. Then by tapping on the cut stalk endwise with a light instrument, most of the dirt will free without injury to the necks of the tubers. Dry in the sun a few hours, and your clumps are ready to store. A root or white potato cellar is preferable with a temperature of about 40 degrees. In this they need no protection or covering. The average house cellar is too dry and hot, and in such conditions the clumps should be placed in the coolest part and packed upside down in a box in dry sand, ashes or preferably ground Peat Moss.

After the tubers are stored a month, it is well to look them over, trim out any portion showing rot and dip all the fresh cuts in equal parts of hydrated lime and flowers of sulphur, and pack them back again as before. Should the tubers show signs of shriveling, place dampened Peat Moss over the top of the box to prevent further drying.

Dahlia tubers air dried and so packed should keep well until spring with no further handling, providing they were grown properly, well ripened and not frosted.

This list cancels all previous prices. Write your name and address plainly, and address all mail to

KATHLEEN NORRIS

KATHLEEN NORRIS. (I. D.) (Klein & F. & M.) This is without doubt the greatest pink Dahlia in commerce. The bloom is of gigantic proportions, and is held full 14 inches above the top leaves on strong, stiff stems, presenting a picture of enchanting beauty for the admiration of all beholders. A great bloomer. Color is a rose-pink, later deepening to mallow pink, but somewhat paler in the young central petals.

Root \$7.50. Plant \$3.75.

GRAF ZEPPELIN
